DATE 3/24/2020
FOR IMMEDIATE RELEASE

The Nevada Highway Patrol Continues to Provide Law Enforcement/Traffic Services

The Nevada Highway Patrol continues to provide law enforcement and traffic services during the COVID-19 pandemic. Every State Trooper has been trained regarding self protection and limiting exposure to occupational related illnesses along with being issued appropriate personal protective equipment (PPE). While continuing to serve the citizens of the Great State of Nevada, Troopers have adapted practices to limit both their personal and the public's exposure to those who may potentially carry the COVID-19 virus. Troopers will continue enforcing traffic and other laws to ensure safety on Nevada roadways in an effort to prevent crashes which can potentially expose more first responders and divert needed emergency medical resources.

At this time no Troopers have tested positive for the COVID-19 virus.

For further information, you can contact either Trooper Jason Buratzuk at 702-533-6808 or Trooper Travis Smaka at 702-469-3882.
